ART ANGELS FOR BUDDING ARTISTS (AABA)
Grant Application

The AABA program is designed to support art and arts education for students and children in the Lee County school system by providing new or gently used art material and supplies to art teachers that have a specific need and are willing to provide proof of appropriate use of grant monies.

The AABA accepts grant applications from art teachers for project-related supplies and materials throughout the year; however, applicants may request only one grant each calendar year. Awards are generally limited to \$500. Grant proposals are typically reviewed and applicants notified within a 4-week time frame. Applicants with requests that exceed \$500 for an art project require a full board review and may take 8 weeks or longer to consider.

The AABA program also sponsors promising art students from low-income families who exhibit talent or aptitude but are unable to afford classes or art supplies. Open to students grades 6 through 12, an adult or art teacher may nominate a student for a grant for art classes, art summer camp and/or art supplies.

The AABA accepts grant applications for individual students throughout the year; however, applicants may request only one grant each calendar year. Awards are generally limited to \$100. Preference is given to those who have not previously received a sponsorship grant. Grant proposals are typically reviewed and applicants notified within a 4-week time frame. Applicants with requests that exceed \$100 for an individual require a full board review and may take 8 weeks or longer to consider.

The number of grants fulfilled each year is determined by the contributions received by the program. Any grant application not fully completed and signed will not be reviewed. All grant proposals, applications and inquiries must be made via email to AABA@SanfordBPC.org.

AABA is a program sponsored by the Sanford Brush & Palette Club, Inc. – a non-profit organization located in Sanford, North Carolina.
